Greetings:

The COCONet webpage is up now. Please see: <http://coconet.unavco.org/>
It is a work in progress, so please send to me, directly, any comments
and/or concerns you have about the page and it's content.
We are always looking for more content.

Also, the network is coming along. Data is available at the UNAVCO archive.

Here is a direct link to the COCONet stations that we have data for:
